2005 LECTURE SERIES

Presented By: Lawrence Livermore National Laboratory Science & Technology Education Program, Merced College, Merced County Office of Education, Merced Union High School District, Los Banos Unified School District, Delhi Unified School District, and UC Merced

Science on Saturday is a three Saturday series of free lectures and demonstrations targeted for middle and high school students. Presentations are aligned with the California Science Standards and topics are selected from the forefront of science and technology research in a variety of disciplines.

April 9 — Delhi HS Theater Inside Forensics: Behind CSI

Topic: Learn how scientists work with law enforcement agencies to develop new technologies that keep crime scene investigations in the cutting edge.

April 23 — Buhach Colony HS Theater Biodefense: Detection to Protect the Nation

Topic: How infectious disease poses a more serious threat to humanity than nuclear war.

May 14 — Los Banos HS Gym From the Big Bang to California: Observations of the Universe

Topic: Learn about some of the most recent discoveries in astronomy: formation of galaxies, black holes, stars and planets; the importance of the interstellar medium as well as recent NASA explorations in our own Solar system.

All lectures begin at 9:30 a.m. and end at 11:30 a.m.

Seating is on a first come first serve basis and there is no pre-registration.
