Dear Merced College Students,

Merced College has partnered with EVERFI, whose mission is to help students address critical life skills, including sexual assault prevention, in higher education institutions across the country.

As part of our comprehensive prevention program for students, Merced College encourages you to complete the Sexual Assault Prevention for Community Colleges module. This online training addresses preventing sexual assault and harassment on campus, in the workplace, and at home. Students will learn about relationship abuse in established or long-term relationships, financial abuse, specific concerns students with children may face, and how to support loved ones who have experienced trauma.
