Android Users

1. Connect to mccd-wifi.

2. Enter your college username into the *Identity field*.

3. Fill in the *Enter Password* field. Do NOT use the *Anonymous Identity* field!

- 4. Leave the rest of the settings as default.
- 5. If asked about a certificate accept it.

iOS Users

1. Connect to mccd-wifi

2. Fill in the field *Username* and *Password* with your college account credentials.

3. You should be prompted to accept a *Certificate* if all went well. Select *Trust* to finish logging in.

You should be connected now.
