Professional Dues and Payroll Deductions

1. Any unit member who is a member of the MCFA/CTA/NEA, or who has applied for membership, may sign and deliver to the District an assignment authorizing deduction of unified membership dues, initiation fees, and general assessments to the Association. Pursuant to such authorization, the District shall deduct one-tenth (1/10) of such dues from the regular salary warrant of the unit member each month for ten (10) months. Deductions for unit members who sign such authorization after the commencement of the school year shall be appropriately prorated.
2. Members of the Association as of the date of ratification of this Agreement will maintain membership during the term of the Agreement.
3. Part-time faculty who are not eligible for health and welfare benefits provided by this Agreement are excluded from the remaining provisions of this Article.
4. Any unit member newly employed July 1, 1986 or after, who is not a member of the MCFA/CTA/NEA or who does not make application for membership within thirty (30) days from the date of commencement of assigned duties within the bargaining unit, shall become a member of the Association or pay to the Association a fee in an amount equal to unified membership dues, initiation fees, and general assessments as a condition of employment. Payments to the Association shall be made in one (1) lump-sum cash payment in the same manner as required for the payment of membership dues, unless, however, the unit member authorizes payroll deduction for such fees in the same manner as provided in paragraph 1 of this Article. In the event that a unit member does not pay such fee directly to the Association or does not authorize payment through payroll deduction as provided in paragraph 1, the Association shall so inform the District, and the District shall begin (as soon as possible) automatic payroll deduction as provided in Education Code 87833 and in the same manner as set forth in paragraph 1 of this Article. There shall be no charge to the Association for such mandatory agency fee deduction.
5. Any unit member employed prior to July 1, 1986, shall be exempt from the obligations imposed by paragraphs 4 and 6 of this Article.
6. Any unit members hired on or after July 1, 1986, whose traditional tenets or teachings include objections to joining or financially supporting employee organizations shall not be required to join or financially support MCFA/CTA/NEA, except that such unit member

The statement of objection shall not be subject to rejection by the Association. Payments shall be in the form of receipts and/or canceled checks indicating the amount paid, date of payment, and to whom payment in lieu of service fee has been made. All information as listed above shall be presented on or before thirty (30) days from the date of commencement of assigned duties within the bargaining unit.
 8.  - a. The Association shall have the exclusive right to decide and determine whether any such action or proceeding referred to in this paragraph shall or shall not be compromised, resisted, defended, tried, or appealed. However, this shall in no way limit the Association's responsibility for any fees or costs incurred or agreed to by such action.
 11. Upon written authorization from the unit member, the District shall deduct from the monthly salary warrant and make appropriate remittance for credit union or other plans or programs jointly approved by the Association and the District.

1. Sick Leave. Each full-time member of the bargaining unit shall be entitled to one day leave of absence, with full pay, for illness, injury or quarantine for each month of service. Sick leave may be accumulated indefinitely. Absence for illness cannot be recorded as less than one-half day. The District may request certification of physical fitness before the employee's return to work in cases of extended or serious illness. A statement of illness may be required if there is any question of misuse of personal sick leave. Certificates from licensed physicians, chiropractors, osteopaths, or Christian Science Practitioners may be accepted.
 - a. A faculty member who resigns, retires, or is dismissed shall receive credit for unused sick leave for the purposes of retirement benefits.
 - b. The College shall provide each faculty member with an annual written statement of (1) the accrued sick leave total and (2) his/her sick leave entitlement for the academic year.
 - c. Full-time faculty members teaching during any summer session may utilize any sick leave accumulated during the regular academic year.
- 1a. Part-time Sick Leave. Faculty employed on a part-time hourly basis (i.e., 60% or less of a full-time assignment) shall earn sick leave credit at the rate of one (1) hour for each twenty (20) hours of paid service. Each part-time hourly instructor shall be advanced three hours of sick leave at the start of service with the District. Sick leave credit will not be earned for any fraction of twenty (20) hours. Sick leave credit accrued beyond the initial three-hour advancement must be earned before it is taken. Sick leave so earned may not be credited to sick leave accrued during any other District employment, nor may sick leave earned during other District employment be utilized for absence during hourly employment.

The provisions relating to certification of physical fitness and verification of illness or injury set forth in section 1. above shall also apply to use of hourly sick leave. The sick leave granted by this section shall not be utilized for absences during summer session.

Sick leave accrued hereunder shall be lost if there is a break in service for more than two calendar years.
2. Maternity Leave. The Board shall provide for unpaid leave of absence from duty for any member of the bargaining unit who is required to be absent from duties because of pregnancy, miscarriage, childbirth and recovery therefrom. A request for maternity leave

shall be made in writing to the supervising administrator at least thirty (30) working days prior to the day the leave is intended to become effective, unless the attending physician specifies the medical necessity for such leave to commence on shorter notice. The length of the leave of absence, including the intended date on which the leave shall commence and the intended date on which the employee shall resume duties, shall be determined by the employee and the employee's physician. Disabilities caused or contributed to by pregnancy, miscarriage, childbirth and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment by the District. The employment policies and practices of the District shall be applied to disability due to pregnancy or childbirth on the same terms and conditions applied to other temporary disabilities.

3. Child Rearing Leave. Members of the bargaining unit shall be entitled to an unpaid child rearing leave for the purpose of caring for a natural or adopted infant for a maximum of three months. The length of the leave requested in excess of three months shall be determined by the District to coincide with the operational needs of the District but shall not exceed twelve calendar months.

A child rearing leave should be requested in writing to the supervising administrator a minimum of four weeks prior to the date the leave is proposed to commence. An employee returning from an unpaid leave of absence with a duration greater than thirty (30) days shall notify the supervising administrator in writing of intent to return at least two weeks before the expiration of the leave.

4. Industrial Accident and Illness Leave. All regularly employed certificated employees of the bargaining unit shall be entitled to industrial accident and illness leave under the following rules and regulations:
 - a. Allowable leave for each industrial accident or illness shall be during the days in which the District is in session or when the employee otherwise would have been performing work for the District, and shall not exceed ninety (90) such days.
 - b. The accident or illness must have arisen out of and in the course of employment of the employee, and must be accepted as such by the State Compensation Insurance Fund.
 - c. Allowable leave shall commence on the first day of absence and shall be reduced by one day for each day of authorized absence regardless of a temporary disability indemnity award. Such leave shall not be accumulated from year to year. When such leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due him/her for the same illness or injury.

- d. When a person is absent from his/her duties on account of industrial accident or illness, he/she shall be paid such portion of the salary due him/her for any month in which absence occurs, as when added to his/her temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, will result in a payment to him/her of not more than his/her full salary.
 - e. During any such paid leave of absence, the employee shall endorse to the District the temporary disability and indemnity checks received on account of his/her industrial accident or illness. The District, in turn, shall issue the employee appropriate salary warrants for payment of the employee's salary and shall deduct normal retirement and other authorized deductions.
 - f. Any employee receiving benefits as a result of these rules and regulations shall, during the period of injury or illness, remain within the State of California unless the Board authorizes travel outside of the state.
 - g. Upon termination of the industrial accident or illness leave, the employee shall be entitled to the benefits provided for sick leave and his/her absence for such purpose shall be deemed to have commenced on the date of termination of the industrial accident or illness leave, provided that if the employee continues to receive temporary disability indemnity, he/she may elect to take as much of his/her accumulated sick leave which, when added to his/her temporary disability indemnity, will result in payment to him/her of not more than his/her full salary.
5. Personal Necessity Leave.
- a. Up to six (6) days of accumulated sick leave in any school year may be used in cases of personal necessity in accord with the provisions of Section 87784 of the Education Code.
 - b. Any number of the six (6) days specified in Paragraph A of this section may be used by the employee at his election for important personal necessity.
 - c. The total leave taken pursuant to Paragraphs A and B shall not exceed six (6) days.
 - d. Leave under this section shall not be used for any organized stoppage of work for the District.
 - e. In the event that the Personnel Office or designee denies the use of leave provided under this section, the employee may refer the matter to the Grievance Procedure for resolution. Referral to the Grievance Procedure shall not preclude the employee from taking the day off but the resolution of the grievance will determine whether the day would be chargeable as a Personal Necessity Sick Leave day.

- f. Unless impractical by reason of emergency, the employee shall present his written notification for leave under this article to the Personnel Office sufficiently in advance as to avoid unnecessary inconvenience or disruption of professional responsibilities except in cases of death or serious illness of a member of the immediate family or in case of accident involving his person or property, or the person or property of a member of his immediate family.
6. Bereavement Leave. Every faculty member shall be entitled to three (3) days of paid leave of absence, or five (5) days if travel of more than 200 miles is involved, for each occurrence on account of the death of any member of the family. In the event that a faculty member's personal necessity leave is exhausted for the year, that faculty member may be entitled to one (1) day of paid leave of absence to attend the funeral or memorial service of a full-time College employee. This leave shall not be deducted from sick leave.
7. Professional Development Leave. The College may grant a faculty member an unpaid leave of absence of up to two (2) years for professional development which shall include, but shall not be limited to, additional schooling and/or training, participation in faculty exchange programs, involvement in research efforts and acceptance of long-term assignments to other higher educational institutions, agencies, corporations, foundations or governments.
- a. Requests for professional development leaves will be submitted in accordance with established procedures.
- b. No more than 5% of the full-time faculty may be on professional development leave at any one time, with a maximum of twelve (12) professional development leaves for the year.
- c. A letter from the Superintendent/President notifying applicants of their acceptance or rejection shall be received by March 1.
- d. There shall be no reduction in employee benefits during the term of a faculty member's professional development leave.
8. Jury Leave. The District agrees to grant faculty members called for jury in the manner provided by law, a leave of absence without loss of pay for time the employee is required to perform jury duty.

Upon notification of jury duty, it is the obligation of the employee to inform his supervisor immediately.

When an employee is serving on a jury, he shall be paid the difference between his regular salary and the compensation received for jury duty with the total compensation, exclusive of mileage, not to exceed the regular working salary for the said period of time.

9. Legislative Leave. A faculty member who is elected to the State Legislature or Congress shall be entitled to an unpaid leave of absence for the length of the term or terms of office, not to exceed six (6) years. The faculty member on such leave shall notify the College of an intended return at least six months in advance.
10. Sabbatical Leave. The Board and Association agree that sabbatical leaves provide a valuable means by which faculty members may either undertake a program of study, obtain work experience in their teaching areas, travel, or do research which will benefit the educational program in the District. Requests for sabbatical leaves will be submitted in accordance with established procedures. The Board agrees to grant a paid sabbatical leave to eligible faculty members recommended by the Superintendent/President and approved by the Board of Trustees. If the Superintendent/President or the Board of Trustees denies any request for a sabbatical leave, a written statement detailing the reasons for denial shall be presented to the applicant. Eligible faculty members whose requests for a sabbatical leave are not granted may reapply the following academic year.
 - a. Full-time faculty members shall become eligible for a sabbatical leave after the completion of six (6) consecutive years of service within the District. For purposes of interpreting this section, unpaid leaves granted by the Board shall not be counted as years of duty or considered an interruption of "consecutive" duty.
 - b. No more than 5% of the full-time faculty may be on sabbatical leaves at any one time, with a maximum of twelve (12) sabbatical leaves for the year. If there are less than the allotted number of sabbatical leaves used in any College year, the unused leaves can only be used the following year.
 - c. With the exception of sick leave, all certificated employee fringe benefits will continue without interruption during the sabbatical leave period. In the event a faculty member cannot complete an approved sabbatical leave because of disability, the remainder of the sabbatical leave will be suspended and reinstated or extended into the following year. Faculty members on sabbatical leave shall remain eligible for the benefits described in Article VI of this agreement.
 - d. A faculty member who is on sabbatical leave shall be paid 50% of regular salary by the Board for the full year sabbatical leave and 75% of salary while on a semester sabbatical leave. The faculty member shall have the right to take his/her sabbatical leave in separate semesters as long as the leave is commenced and completed within a three-year period. The amount of compensation will be based on the faculty member's regular salary at the time the leave is granted. The contribution to the State Teachers'

Retirement System shall be made by the employee and the District as though the employee was on active duty excepting that these payments will be made only on the actual compensation paid the employee.

- e. The compensation to be paid the faculty member while on a sabbatical leave shall be paid in the same manner as if the faculty member were teaching in the District.
 - f. A letter from the Superintendent/President notifying applicants of their acceptance or rejection shall be received by March 1.
 - g. An eligible faculty member, if he/she so desires, may request a summer project in-lieu-of sabbatical. Such summer projects will be awarded in accordance with the procedures described above. A faculty member who is granted a summer project in-lieu-of sabbatical shall be paid one-tenth (0.1) of his/her regular salary.
 - h. A faculty member granted a sabbatical leave shall, on completion of his/her sabbatical leave, be required to render a period of service to the District. This period of service shall be limited to one semester if granted a summer project, to one year if granted a semester sabbatical, and to two years if granted a full year sabbatical leave. If a faculty member does not serve for the entire period of service as specified, the faculty member will be obligated to return to the District a pro-rata portion of the compensation paid for the sabbatical leave. A faculty member granted a sabbatical leave or summer project shall agree in writing that upon the completion of his/her sabbatical or summer project, he/she will render the appropriate specified period of service to the District.
 - i. A written report will be submitted to the Board of Trustees within thirty (30) days following the faculty member's return to duty.
11. Association Leave. The Association shall have a total of five (5) days of paid leave to be utilized by its representatives for local, state, or national conferences or for conducting other business pertinent to Association affairs. These representatives shall be excused from contract duties upon ten (10) days' advance written notification to the Office of Instruction by the Association President.
12. Unpaid Personal Leaves. The Board may grant leaves of absence without pay for personal reasons. The request for leave without pay should specify the conditions of the leave, including length of the leave. Long-term leaves may be granted for the following purposes: study, travel, other employment, restoration of health, or disabilities in the immediate family.

13. Holidays. All holidays and days of special observance or mourning declared by the District which fall within any paid leave period taken by a faculty member shall not be counted as leave days.

ARTICLE IX

Evaluation and Tenure

The purposes of evaluation are to assure effectiveness in and improve instruction and educational services. Evaluation to the extent practical shall include sensitivity to the principles of affirmative action and the diversity as set forth in state and federal regulations. The final granting of tenure is a Board of Trustees' right.

The evaluation of faculty shall be limited to the evaluatee's primary areas of responsibility. The main items for consideration in evaluation of faculty are:

1. Effectiveness in working with students.
2. Expertise in subject matter or areas of responsibility.
3. Techniques of instruction, guidance, student health services, or library practices.
4. Acceptance of responsibility.

All evaluations shall be conducted through the team approach and will include student evaluations. Evaluation teams vary from one to three members (see "composition of evaluation teams" below).

1. Only tenured faculty shall act as members of an evaluation team for full-time faculty.
2. Tenured faculty may be required to participate in one evaluation team in their division or area of expertise each academic year. Additional participation shall be voluntary (with the exception of division chairs or area directors).
3. Participation in the evaluation of part-time faculty shall not be required of any faculty (with the exception of division chairs or area directors). However, any full-time or part-time faculty may evaluate part-time faculty.
4. The administrator in coordination with the appropriate division chairpersons and area directors will initiate and monitor the evaluation process for timeliness and due process.
5. Forms developed for the purpose of evaluation and tenure shall be mutually agreed to by the Association and the District.

Frequency of evaluation and composition of evaluation teams:

Regular (Tenure) faculty: Regular faculty will be evaluated every third year in keeping with the requirements of the Education Code relating to college faculty.

The evaluation team will consist of a faculty member from an appropriate area of expertise chosen by the evaluatee and the division chair or area director. The division chair or area director is not required to participate in the observation.

Contract (Non-tenured, tenure track) faculty and full-time temporary faculty: All contract and full-time temporary faculty shall be evaluated at least once in each

academic year. Contract faculty shall be evaluated at least once a year for four years, unless tenure is granted earlier.

The evaluation team will consist of the division chairperson or area director, a faculty member from an appropriate area of expertise selected by the evaluatee and an appropriate administrator. The evaluatee shall be responsible for selecting a faculty member who is willing and able to serve as an evaluator.

Part-time faculty: Part-time faculty shall be evaluated in the first two semesters of employment (with student evaluation completed within the first semester) and then once a year for two years, and thereafter once every three years.

The evaluation team will consist of the division chair or area director or faculty designee.

Evaluation procedure:

1. The first step in the evaluation process is self-evaluation. It begins with the faculty member examining his/her education objectives and instructional, guidance or library methods of his/her program, and then deciding where his/her professional approach needs improvement or refinement.
2. A pre-evaluation conference between the evaluation team and the evaluatee will be held to discuss goals and objectives of the employee and the procedures for evaluation. A written summary of areas of evaluation and expectations shall be developed by the evaluatee.
3. A minimum of one observation shall be made and advance notification of the class to be observed shall be provided to the evaluatee.
4. A student evaluation will be conducted.
5. A summary evaluation document shall be prepared and it shall be signed by all members of the evaluation team, and presented to the evaluatee no later than the last week of the semester.
6. A post evaluation conference shall be held between the team and the evaluatee wherein the elements of the evaluation shall be discussed and an opportunity for response by the evaluatee shall be provided, including the opportunity to respond in writing. These written comments will be attached to the evaluation and included in the personnel file.
7. Either the administration or the evaluatee may request that a second evaluation be conducted if the first evaluation contains recommendation(s) of unsatisfactory. A second evaluation may be conducted in a timely manner by a different team if requested by either side. The second team will consist of a faculty member selected by the evaluatee, an administrator, and a faculty member mutually acceptable to the evaluatee and the division chair and area director.

Due Process Procedures: The purpose of evaluation is to assure and acknowledge that effective teaching, counseling, and library services are being provided and to identify outstanding performance as well as areas where improvement may be made. To that end, the following points will be incorporated in the evaluation process where there is need for improvement or unsatisfactory performance has been observed:

1. A clear explanation of the areas the employee needs to improve in order to perform effectively will be provided at the earliest possible time.
2. An outline of assistance shall be provided by the team including suggestions for improvement and an affirmative plan to assist the employee toward improvement.
3. A reasonable timetable for the improvement shall be provided.
4. An acknowledgement by the team of areas of instruction that meet all standards/or are exemplary.
5. The employee reserves the right to representation during any meetings with the administration arising from an evaluation indicating unsatisfactory performance.

Tenure determination:

Consideration for tenure shall be consistent with the California Education Code and Title V. Recommendations for continued employment, tenure or termination will be made by the contract instructor's evaluation team in accordance with established time schedules and procedures.

A recommendation for tenure normally shall be made by the last evaluation team in the four-year tenure cycle. Upon the recommendation of any of the previous evaluation teams, however, an immediate tenure recommendation may be made to the Board of Trustees.

Instructors who are denied tenure shall have appeal rights as specified in the California Education Code.

Workload

1. Instructor Load. A normal work year for full-time certificated personnel shall consist of 175 duty days.

A normal workweek for full-time certificated personnel is forty (40) hours.

Instructors may spend part of the forty (40) hours at any convenient study location either on campus or off campus, preparing for classes, grading papers, and performing other related instructional activities.

A duty day for full-time certificated personnel shall consist of at least one hour in a lecture or lab situation or one office hour per day.

A flex-time duty day for full-time certificated personnel shall consist of at least six hours at the approved activity.

Instructors are expected as part of their professional responsibilities to attend all staff meetings, division meetings, and flex-day activities scheduled during the normal work year.

A full-time teaching assignment in terms of units of teacher load is 30 units for an academic year. Whenever possible, the teaching assignment shall be distributed evenly over the academic year. The teaching assignment may be at any time regular College classes are offered.

2. Unit Load. Standards for minimum assignments of certificated personnel are as follows:

<u>Semester Load Units</u>	<u>Hours/Week Per Semester</u>	<u>Activity</u>
1	1	Lecture Classes
2	3	Scheduled Laboratory Classes
2	3	Bio/AT Laboratory
2	3	Class in Athletics
1	2	Assigned Counseling
1	2	Assigned Supervision of Clinical Practice or Audio-Tutorial Lab
1	2	*Non-Credit Instruction
1	-	Supervision of 15 Work Experience Students
	To be determined by mutual agreement	Special Assignments

*One hundred (100) clock minutes of non-credit instruction per week, per semester equivalent.

The faculty workloads shall be computed in formula hours.

A formula hour shall be defined as any one of the following:

- a. Fifty (50) clock minutes of the Lecture/Discussion Mode of Service per week, per semester.
 - b. Seventy-five (75) clock minutes of the Scheduled Lab (inclusive of physical education courses)/Shop/Clinic Mode of Service per week, per semester.
 - c. One hundred (100) clock minutes of assigned counseling or assigned supervision of library, clinical practice or audio-tutorial lab per week, per semester equivalent.
 - d. Supervision of 15 Work Experience Students.
3. Reduction in Load. No full-time faculty member will have fewer than thirty (30) units of assigned load per college year. However, a full-time faculty member and the District may negotiate a contract for reduced load. The faculty member shall have representation by MCFA in negotiating his or her reduced load contract. The contract salary and fringe benefit costs will correspond pro rata with the reduction in load. For example, an instructor who negotiates an 80% load will receive 80% of his or her current salary. The instructor will receive his or her full benefit package and be responsible for paying the pro rata difference (20% in this example) by authorized deduction from his or her salary warrant.
4. Class Size. Class sizes shall not exceed the maximum established class sizes in effect during the 1976/77 academic year. During the period of this agreement, changes in the class size of new courses shall be determined by the supervising administrator. The voluntary written consent of the faculty member shall be required to exceed established class sizes. Minimum class size guidelines:

	<u>Regular Classes</u>	<u>Advanced Classes with Prerequisites</u>
Lecture	15	12
Labs	15	12
Seminars	15	12

NOTE: The above minimum class size policy recognizes the fact that there will be exceptions to these guidelines--when, at the discretion of the Office of Instruction, it is in the best educational interest of the student, the College, or the community.

5. Counselors. Assignment of counselors to special projects or duties relating to counseling (i.e., orientations, school visitations) which cannot be completed during the counselor's scheduled counseling time shall be voluntary, with the compensation (either overload pay or compensatory time off) agreed to prior to the assignment.

6. Librarians and Media Center Faculty. Librarians and Media Center faculty shall have a maximum workload of 40 scheduled hours per week. Any assigned hours in excess of the maximum workload shall be considered overload, and shall be compensated at the appropriate hourly rate.
7. Office Hours. Instructor office hour requirements per week include any appropriate time periods of at least one-half hour for a total of one hour for every three hours of lecture, between the hours of 7:30 a.m. and 10:00 p.m., unless otherwise approved by the supervising administrator.
8. Annual Workload. The annual workload of each certificated employee other than instructors, counselors, and librarians (including Media Center faculty) will be determined by mutual agreement between that certificated employee and his/her supervising administrator as well as the approval of the Superintendent/President. The workload may include any combination of the following:
 - a. Length of contract - any number of days mutually agreed upon.
 - b. Release time - any number of units mutually agreed upon.
 - c. Stipend - any amount of compensation mutually agreed upon.
9. Assigned time is authorized for the purpose of compensating faculty members who have assigned responsibilities which may require working extended and irregular hours.

ARTICLE XI

Salaries

1. Classification by Professional Preparation. Teachers shall be placed on the appropriate class of the salary schedule in accordance with the degrees and advance preparation they have completed. Reassignment to a higher classification shall become effective at the beginning of the next semester after the new classification requirements have been met. It shall be the responsibility of the faculty member to notify the District of his/her eligibility for reclassification no later than the first day of the semester.
2. Initial Step Placement. Faculty shall be given credit on a year-for-year basis up to and including 5 years at the time of initial placement on the salary schedule for previous relevant full-time work or teaching experience. After five years' credit, by recommendation of the Superintendent/President, faculty may be allowed one year of credit for two years of previous relevant full-time work or teaching experience up to and including 4 additional years at the time of initial placement on the salary schedule.
3. Professional Growth Increments. The advancement on the salary schedule shall be at the rate of one step for each year of teaching experience. If the faculty member is employed for at least 75% of the total teaching days of an academic year, he/she shall be given credit for a full year's experience for salary schedule advancement purposes. Two one-half academic years shall count as a full year. After a faculty member reaches Class V, Step 14, on the salary schedule, he/she shall be awarded one vertical increment in Class V beginning the 18th, 22nd, 26th, 30th, etc., until he/she officially retires.
4. Units for Salary Placement Purposes. A unit is a semester unit granted by an accredited collegiate institution. All units earned while qualifying for the Bachelor's Degree shall be counted only in Class I. Such units are not applicable for advancement on the schedule to a higher level. Undergraduate courses taken subsequent to receipt of the Bachelor's Degree may be counted for progression on the salary schedule if they bear a direct relation to the applicant's teaching assignment. An applicant, in order to have lower division course units count for horizontal progression on the salary schedule, must secure written approval from the Superintendent/President prior to taking such courses. Lower division course units will be acceptable if they are directly related to the faculty member's teaching area or are part of an approved program to qualify the faculty members to teach in a new area. In instructional areas (i.e., technical) where current advanced collegiate courses are not generally available, private sector training classes and seminars may qualify for salary placement. Courses must

be directly related to applicant's teaching assignment and receive written approval from instructional area dean. Course credit will be granted on an hour-for-hour basis at the same rate as a regular college course (1 unit per 18 hours of lecture instruction, 1 unit per 54 hours of lab instruction). In order to be applied to horizontal progression on the salary schedule, two-thirds of all graduate-level courses must have a direct relation to the applicant's teaching area, with the other one-third being at the applicant's discretion.

5. Salary Schedule. The District shall pay each bargaining unit member a 3% off the schedule bonus based on each member's base compensation for 1993-94. The bonus shall be paid within 30 days of the date of ratification by both parties. The current faculty schedule shall be affixed to this agreement as Appendix A.
6. Hourly Salaries. The district and the Association agree to adopt the part-time/overload salary schedule attached as Appendix B. Definitions of Modes of Service for Part-time and Overload Salary Schedules are as follows:
 - a. **Lecture/Discussion Mode:** This mode of service includes lectures and discussion/recitation types of classes; direct involvement of the unit member in the delivery of information and direction of class discussions; outside preparation by students, i.e., homework; tests, quizzes, and final examinations; student reports and projects submitted to the faculty for evaluation.
 - b. **Scheduled Lab/Shop/Clinic:** The faculty member provides instruction and supervision of students in lab/shop/clinic settings. This mode includes activities such as tests, quizzes, final exams, and student reports and projects submitted to the faculty member for evaluation. The unit member has responsibility for developing, modifying and preparing classroom for planned activities. For the purpose of this agreement, Bio/AT Lab will be considered under scheduled Lab/Shop/Clinic mode.
 - c. **Other Modes of Service:** The faculty member provides individual attention, supervision, counseling or any other form of professional service for the benefit of students in settings other than those listed above. Examples would be librarians, program and assessment coordinators, counselors, and supervision of clinical practice and audio-tutorial lab.
 - d. **Non-Credit:** The faculty member provides instruction and supervision of students in classes which receive non-credit apportionment from the state. This mode excludes requirements for grades, final exams, progress reports and other projects submitted to the faculty member for grade evaluation purposes. This mode includes preparation of classroom activities appropriate to the subject matter.

7. Field Trips. Faculty members who participate in field trips and excursions shall be compensated at the rate of 1/350th of their annual salary for each 24-hour period worked in addition to the 175 days identified in the College calendar.

8. Coaching Compensation.

a. Head Coaches

Sport Levels	I	II	III
	Baseball	Soccer	Cross Country
	Basketball M/W	Swimming M/W	Golf
	Football	Tennis	
	Softball	Track & Field M/W	
	Volleyball	Water Polo	
1. Full-time/with load	7 units + \$3,000	7 units + \$2,100	7 units + \$1,300

3. Part-time/with load	\$4,500 + 7 units paid hourly	\$4,500 + 7 units paid hourly	\$1,700 + 7 units paid hourly

b. Associate coaches are full-time or part-time faculty members who meet minimum qualifications in the identified sport. When associate coaches are needed to support the instructional program related to athletics, they will be recommended by the Athletic Department and shall receive as compensation either a stipend or load credit or a salary commensurate with their placement on the hourly salary schedule, or any combination of these. The above-stated compensation will be negotiated between the Vice President of Instruction, Athletic Director and Head Coach of the involved sport.

c. Assistant coaches who are identified as unit members are normally identified as temporary support personnel and shall be compensated based on stipends which may not exceed one-half of the stipend identified for head coaches in Section A above.

ARTICLE XII

Professional Travel

1. Per Diem. Faculty members shall receive a per diem allowance for room, board, and other related expenses based on circumstances of travel for all approved trips outside the area served by the College. Expenses incurred by a faculty member necessary to the trip shall be reimbursed at the prevailing rate.
2. Use of Private Vehicle. The District will not require faculty members to use their personal vehicles on District business. If a faculty member uses a private car by choice for an approved College trip when a College car is available, the faculty member is to be reimbursed for transportation at the prevailing rate.
3. Licensing. If special California driver's license and/or special requirement for licensing are required in order for the faculty member to fulfill his/her assigned duties, the Board shall pay all costs involved in obtaining these licenses and/or fulfilling these requirements.

ARTICLE XIII

Transfers

1. Voluntary. The Association agrees that the Superintendent/President is authorized under the Education Code to make assignments of all employees to vacant positions based upon the needs of the District. A bargaining unit employee may request a voluntary transfer. The District shall attempt to honor requests for voluntary transfers when the training, experience, and the abilities of the requesting employee match the vacant position job specifications.
2. Involuntary. Involuntary transfers may be made, based upon the needs of the District as determined by the Superintendent/President or his designee. The District shall consider the preferences of the involuntary transferee when making such an assignment. However, the needs of the District shall be paramount and shall take precedent over the preference of the involuntary transferee.

ARTICLE XIV

Division Chairperson

1. Selection. At the beginning of the 1976/77 academic year and whenever a vacancy exists, each division shall select by secret ballot a division chairperson. The term of the chairperson shall be two (2) years. The division chairperson may serve for a maximum of two consecutive terms, except by 2/3 approval of the Division. Each full-time faculty member in the division shall have one vote. No chairperson, however, shall be elected unless a majority of the faculty voting in the election at regularly scheduled divisional faculty meetings votes for the electee.
2. Annual Workload. The annual workload of each division chairperson will be determined by mutual agreement between the division chairperson and his/her supervising administrator and approved by the Superintendent/President. The workload may include any combination of the following:
 - a. Length of contract - any number of days mutually agreed upon
 - b. Release time - any number of units mutually agreed upon
 - c. Stipend - any amount of compensation mutually agreed upon
3. Recall and Resignation. A chairperson may resign at any time or may be relieved of his/her duties by:
 - a. The Superintendent/President of the College with the approval of the majority of the division and/or the approval of the Board of Trustees, or
 - b. The majority vote by secret ballot of the division with the approval of the Superintendent/President and/or the Board of Trustees.

ARTICLE XV

Retirement

1. Retirement. All school employees shall retire as prescribed by law.
2. Reduced Teaching Load Option. The State Teachers' Retirement System provides that certificated employees may, under specified conditions, accrue full-time retirement benefits while teaching part-time. Under such a program, both the District and the employee would continue to make contributions to the State Teachers' Retirement System equal to what would be made if the employee were working full time. Prior approval from the Board must be obtained by persons who wish to participate in the program.
 - a. Merced College faculty members may apply to earn full-credited service for part-time teaching with the following provisions:
 1. The faculty member must be at least 55 years old, but no older than the maximum age prescribed by law.
 2. The faculty member must have provided service in California public schools for at least five (5) years.
 3. The faculty member must have been employed on a full-time basis during the preceding five years.
 4. The faculty member must provide service of at least 15 units during the academic year. This teaching assignment may be completed in one semester or two semesters at the discretion of the faculty member.
 - b. Following approval by the Board, the program may continue for a period not to exceed five years.
 1. At the end of an academic year, the faculty member shall be returned by his/her request to full-time status subject to District approval.
 2. The faculty member must give to the District at least one semester's notice of intention to participate in this program.
 3. Any faculty member who chooses to participate in this program will be granted the same fringe benefits as full-time faculty members.

ARTICLE XVI
Safety and Health

Compliance with federal regulations and the California State Occupational Safety and Health Act is the responsibility of the District. The District will maintain a safe and healthful place of employment.

ARTICLE XVII

Effects of Layoff

1. Agreement:

When the Board of Trustees deems that a layoff of certificated personnel is to be implemented, the District and Chapter agree that the provisions of the Education Code as currently stated shall prevail in layoffs or reduction in force. The following agreed procedures and guidelines will be observed regardless of subsequent code changes:

2. Definitions:

- a. "Layoff" means certificated termination of services either for a reduction in attendance or reduction or discontinuance of a particular kind of service (PKS) as currently provided in Section 87743 of the Education Code (E.C.). Layoff does not include termination for cause.
- b. "Seniority" means the consideration afforded an employee on the basis of greatest length of service to the District as a regular employee to carry on credentialed activities based on service date of hire. Classification is retained as classroom instructor.
- c. "Date of Hire" means the first day of employment in a contract position as currently in E.C. 87414.
- d. "Bumping" applies only to layoff and means a permanent employee with greater seniority is assigned duties a less senior employee has been carrying out that the senior employee is capable and certificated to perform thereby leaving the less senior employee subject to earliest layoff.
- e. "Seniority list" shall include all certificated employees except temporaries. The District shall develop and maintain a seniority list including all certificated employees except temporaries. Certificated employees in categorically funded programs may be terminated rather than laid off. In case of identical first date of paid service for one or more employees, the order of seniority shall be determined by name drawing. Employees shall cooperate by annually verifying in writing their dates of employment, credentials held, prior experience and preparation, which information, if agreed as accurate, will be used in the event of layoff. Contents of this list shall be made available to the bargaining unit annually upon request.

3. Identifying Certificated Employees to be Noticed: After the Board of Trustees has determined which programs or services are to be discontinued, the following method of determining who will be given layoff notice will be followed:

ADA layoff notice will be sent to the number of persons at the bottom of the seniority list (last hired) equivalent to the number of persons allowed by the ADA calculations. The District may skip employees if they possess special competencies or credentials essential to the District as long as no more senior employee being laid off has those credentials and competencies.

PKS layoff notice will be sent to the number of persons at the bottom of the seniority list within the persons performing each service equivalent to the number of persons authorized for layoff except those most junior in each service that would be laid off from that service will have their records reviewed, in seniority order, to see if they may bump more junior employees in other areas not directly affected.

Primarily, the order of layoff shall be determined on the basis of seniority and credentialing.

4. Teaching Assignment:

- a. All faculty will be assigned the Faculty Service Area of Community College Instruction/Service.
- b. Current preparation is weighed in four components. The first is minimum qualifications according to the Disciplines List of the Academic Senate for the California Community Colleges or the equivalent (as determined by Merced College's equivalency process); second is the authorization or credential issued by the State of California; third is academic preparation in major fields, minor fields, and special interest areas of aptitude or preparation; and fourth is consideration of occupational experience and/or classroom instructional experience in special aptitude or interest areas. For purposes of layoff seniority, authorization by the general secondary credential is judged to exist in major and minor fields and subject areas previously taught in the professional experience of the instructor. Authorizations by other types of credentials are as provided specifically by the authorization stated on the credential and within the preparation or specialization of the certificated employee.

The certificated faculty member will be considered qualified to render service by being in possession of minimum qualifications according to the Disciplines Lists of the Academic Senate for California Community Colleges or the equivalent (as determined by Merced College's equivalency process), or of an appropriate credential plus completion of appropriate academic preparation at the time of submission of notices of layoff. The employee shall be considered qualified to serve the District in any capacity for which he or she has had successful classroom or other appropriate experience in the

subject, subject area, or closely related subject areas that by present and/or past assignment provide a basis for becoming qualified at the time of submissions of notices of layoff, or March 1st, whichever is later.

Nothing in this Article shall in any way reduce or modify any rights of the employee under the law.

5. Notice of Layoff: All notifications shall meet the provisions of the now current Education Code. No later than March 15, written notice of intention to lay off employees for the ensuing school year will be provided by the Superintendent or his designee to each employee to be laid off and to the governing board. Notice shall include the effective date, seniority, reemployment rights, and instructions for requesting a hearing. The District and the Chapter shall meet upon request of the Chapter after any notice of layoff has been sent, to discuss the rights of such layoffs on affected employees.
6. Retirement in Lieu of Layoff: Affected employees who elect service retirement from the State Teachers' Retirement Service (STRS) shall be placed on the reemployment list and shall be offered reemployment in the proper order of reinstatement. If the offer of reinstatement is accepted in writing, the district shall allow time for STRS to process the reinstatement from retirement. Any election to retire after being laid off shall be treated as retirement in lieu of layoff within the meaning of this section.

An employee subject to this section who retires and is eligible for reemployment and declines an offer of reinstatement shall be deemed to be permanently retired.

7. Reduced Workload: A certificated employee, when offered, may accept a reduced load in lieu of layoff. Such employee shall be paid pro-rata on the percentage of a full load. The employee's position on the salary schedule shall not be affected.
8. Reemployment Rights: Contract and regular certificated employees who have been laid off have preferential reemployment rights if the number of employees is increased or a discontinued service is re-established. Reemployment rights also include first refusal in substitute or part-time service. Regular employees have reemployment rights for 39 months from date of layoff, contract employees for 24 months.

Reinstatement following layoff shall be in the original order of employment. An offer of reinstatement must be accepted in writing within 30 days by the affected employee or his/her attorney-in-fact. Failure to accept or appear for service on the date specified shall render the offer null-and-void, and shall permit the district to offer reinstatement instead to the next eligible instructor or outside applicant. Failure to accept reinstatement shall not otherwise affect the eligibility for any subsequent reinstatement; however, the reinstated

employee may not later be bumped by the senior employee(s) refusing reinstatement. Should an employee on layoff refuse reinstatement and the District hire a contract instructor for the assignment, the contract instructor may not be bumped by the employee(s) refusing reinstatement.

Exception 1: Should an employee become eligible for reinstatement after the academic year has started but due to inability to gain release from contract obligation in another district be unable to immediately return, the position shall be filled by substitution of a less senior certificated on layoff and available for assignment or by other substitute and the eligible employee shall be returned for the next subsequent academic year after fulfilling his/her obligation in the other district. Three refusals to return to the position from which laid off shall result in removal from the reemployment list and the District shall no longer be obligated to notify or reemploy that certificated person.

Exception 2: Should subsequent layoffs by the District take place, reinstatements shall maintain the order of seniority. All reinstatements shall follow the above provisions beginning again with the latest date of layoff.

9. Reemployment Roster: The District will maintain a roster of certificated employees terminated through layoff for 39 months, as required by the Education Code. Records shall also be kept on seniority information and a valid address provided by the terminated employee. The employee shall be responsible for informing the District of any change of address for notification of employment opportunity in the District. Failure to provide such address shall allow the District to otherwise fill the position.

An employee's name shall be removed from the roster in the event of written request by the terminated employee, death, three refusals to return to the original position of termination, or end of the 39-month period.

The District shall provide the Association with a current copy of the roster annually in August or when major changes occur.

10. Maintenance of Seniority During Layoff: During layoff and after return to work, the terminated employee will retain the full seniority status enjoyed prior to layoff.
11. Management Rights of Assignment: After any layoffs have been carried out in accordance with provisions of this Article and statutes current with the writing of this agreement, management may exercise its right of assignment of faculty duties to the remaining certificated employees.
12. Bargaining Unit Option: The bargaining unit may opt for reductions in wages, benefits and increased or decreased workloads in order to offset layoffs. Such option shall reflect the

principle of seniority and shall be at no extra cost for the District than the implementation of layoff would be. Such action would require a year-by-year arrangement of mutual agreement.

13. Fringe Benefit Option: Certificated employees on layoff shall have medical, dental, vision and life insurance coverage on the same bases as required of other members of the certificated unit until September 30 of the year of layoff. Such coverage shall be terminated earlier at the request of the laid-off employee. Retirees are entitled to coverage as provided elsewhere by this Agreement and Board policies. The laid-off employee may retain his fringe benefits for the balance of the 39 months upon payment of full cost to the District.
14. Site of Assignment: In minimizing the necessity for layoffs, it may be necessary to transfer certificated employees to other District job sites than those upon which they have worked the majority of time for the prior three years or part thereof. If the distance to the new job site is more than 5 miles from the current site, the District shall pay noninstructional hourly plus mileage at the District travel rate for the weekly travel time and distance. The District shall make every effort to reinstate the entire assignment to the original location at the earliest possible date. The District and CTA shall meet annually to review the necessity for assignments away from the primary place of assignment when such involuntary transfers are in existence.
15. Resolution of Disagreement: Any disagreement in the interpretation of this Article that cannot be resolved short of litigation shall be resolved on the basis of current Education Code provisions.

ARTICLE XVIII

Savings

1. Severability. If any provision of this agreement or any application of this agreement to any employee or group of employees is held invalid by operation of law or by a court or other tribunal of competent final jurisdiction, such provision shall be modified in accordance with that decision, but all other provisions shall not be affected thereby and shall continue in full force and effect.
2. Reinstatement. If any provision of this agreement, which is deleted in accordance with section 1 of this article, is later deemed to be valid by operation of law or by a court or other tribunal of competent final jurisdiction, then both parties agree to commence negotiations on that provision within ten (10) days.

ARTICLE XIX
Grievance Procedure

1. **Purpose.** The purpose of this grievance procedure is to secure, at the lowest possible level, equitable solutions to problems which may from time to time arise to affect the welfare of certificated employees.
2. **Definitions.**
 - a. For the purpose of this Agreement, a grievance shall be any claim by a member of the bargaining unit that there is alleged to have been a violation, misapplication, or misinterpretation of the Agreement.
 - b. A "day" for the purposes of this grievance policy is any day on which the administrative offices of Merced College are open for business.
3. **Limits**
 - a. Nothing in this article will be construed as limiting the right of any member of the bargaining unit having a grievance to discuss the matter informally with any appropriate member of the management team and to have the grievance resolved without intervention by the Association, provided that the resolution of the grievance is not inconsistent with this Agreement.
 - b. Notwithstanding paragraph "A" above, the Association may file a grievance on behalf of a unit member or a group of unit members if the unit member or a majority of the group of unit members consent.
 - c. Nothing in this article will be construed as limiting the right of a member of the bargaining unit to pursue the resolution of any grievance through legal channels.
 - d. The response days cited under "Procedure" are maximum limits only and every attempt should be made to expedite the processing of a grievance in the smallest number of days. However, nothing in this Article would prevent the extension of a deadline if such is agreeable to both parties.
4. **Time Lines.**
 - a. In the event a grievance cannot be processed through all steps by the end of spring semester, it may be continued at the beginning of the fall semester. Continuation of the process through the summer vacation may proceed if agreeable to all participants.
 - b. Failure of the representative of the District to adhere to the deadlines in the grievance levels shall allow the grievant the right to appeal to the next level. Failure of the

grievant to adhere to the deadlines in grievance levels means that the right to appeal to the next level is waived.

5. Procedure.

a. Level I - Informal

1. Before filing a grievance, and within ten (10) days following knowledge of the act or condition which is the basis of the complaint, the grievant shall meet with his/her immediate supervisor to discuss the grievance and solve the problem at the lowest level, clarify issues, state the solution, and work cooperatively toward settlement.

b. Level II - Formal

1. If the grievant is not satisfied with the disposition of the grievance at Level I, the grievant may submit a written grievance to his/her immediate supervisor. Such appeal must be made within ten (10) days after presentation of the grievance at Level I. The written information shall include: (a) a clear statement of the occurrence of an act or omission or any other circumstance giving rise to the grievance, including names, dates, and places necessary for a complete understanding of the grievance; (b) a listing of the specific provisions of this Agreement which are alleged to have been violated or misapplied; (c) a listing of why the immediate supervisor's proposed resolution of the problem is unacceptable; and (d) the specific remedy sought.
2. The immediate supervisor or designee shall communicate in writing his/her decision within ten (10) days.

c. Level III - Formal

1. If the grievant is not satisfied with the decision at Level II, he/she may appeal to the President or designee. Such appeal must be made within ten (10) days from the time of receipt of the immediate supervisor's decision. The written information shall include all that which was submitted for Level II above, a copy of the immediate supervisor's decision at Level II, and a listing of the specific reasons why the Level II decision is unacceptable, if it is different from the proposed resolution of the problem at Level I.
