## **RFQ#2024-15, County Historical Project – Historical Organization**

Merced Community College District (MCCD) invites qualified and experienced individuals or firms to submit qualifications for the role of County Historical Project-Historical Organizations for North Valley THRIVE (NVT), a dynamic coalition comprising community organizations, government entities, educational institutions, and economic development agencies. The purpose of this initiative is to develop a tri-county proposal for the California Jobs First Fund (formerly known as the Community Economic Resilience Fund or CERF).

### **Background:**

North Valley THRIVE is seeking three types of agency/consultant partners to help complete a historical project in Merced County. This work will compliment efforts already under way in San Joaquin and Stanislaus County and, together, create a three-county historical narrative focused on the economic contributions made by generations of migrant, immigrant, and cultural communities. These populations, from Native tribes to recent refugee communities, have made important contributions to our economy through their labor, entrepreneurship, and cultural vitality. This project seeks to document and illustrate these contributions to tell the full story of the Northern San Joaquin Valley. Examples of these contributions are incredibly diverse, such as early Chinese immigrants who build important infrastructure during the Gold Rush era, Portuguese dairy farmers that helped develop the regional dairy industry, generations of Mexicans who labored across the Central Valley before, during, and after the Bracero Program, and many, many other cultural communities that continue to develop the regional economy. This project is particularly interested in giving voice to marginalized histories and communities, and in highlighting the specific economic contributions made across generations of industrial development dating back before California statehood to the turn of the century. To complete this work, North Valley THRIVE and the Lead Historian, San Joaquin Historical Museum, have identified three types of partners, each with a distinct scope and therefore separate Requests For Qualifications (RFQ).

Total Budget for the County Historical Organization for Merced County will be \$30,000.

### **Scope of Work:**

The work of the Historical Organization should include the following:

- Serve as coordinator for work within the County and develop County specific framework and content.
- Follows overall framework developed by the Lead Historian, San Joaquin Historical Museum, and delegates tasks to researchers and community organizing entities.
- Hosts oral history workshops in coordination with community organizing partners.
- Responsible for synthesizing historical data conducted by researchers with oral histories and community testimonies.
- Work with Lead Historian and NVT to workshop content distribution strategies.

**Proposal Submission:**

Interested parties are invited to submit their proposals by 10:00 A.M., July 18, 2024.

**Proposals should include the following:**

1. Overview of qualifications and relevant experience in identifying, documenting, and presenting historical information.
2. Proposed approach and strategies for achieving the outlined objectives.
3. Detailed timeline for the completion of the scope of work.
4. Budget estimate, including any associated costs.
5. Region for proposal – Merced County.

**Submission Instructions:**

Please submit your proposal electronically to [Purchasingbids@mccd.edu](mailto:Purchasingbids@mccd.edu) by 10:00 A.M. July 18, 2024. Late submissions will not be considered.

**Evaluation Criteria:**

Proposals will be evaluated based on:

- Demonstrated experience in historical projects aligning to the current project.
- Strength and feasibility of the proposed approach.
- Alignment with the objectives of North Valley THRIVE and the California Jobs First Fund.
- Budgetary considerations.
- Contact information.

MCCD will review all proposals and reserves the right to select based on the best interest of District.

**Additional Information:**

Selected vendors will be required to meet all MCCD vendor requirements.

This project will commence upon contract execution (mid-July 2024) and end by September 30, 2024.

For additional information or clarification, please contact Yolanda Meraz at [yolanda@northvalleythrive.org](mailto:yolanda@northvalleythrive.org)

Thank you for considering this request. We look forward to receiving your proposals and working together to strengthen community-industry collaboration through North Valley THRIVE.

Sincerely,

Merced Community College District
