TO BE COMPLETED BY COLLEGE OFFICIAL: (Signature indicates approval for student to attend)

Conditions, if any: _____

8th grade student
or below:

Area Dean Approval (See page 3 for list of Area Dean Contact Information) _____ Date _____

College Counselor Approval (k12counselor@mccd.edu) _____ Date _____

Any Physical Education Course: _____
Vice-President of Instruction Approval _____ Date _____

K-12 Enrollment at Merced College Information

Thank you for your interest in and support of education. Merced College wants each student's experience to be positive and successful, and we believe the information below is important for you to know.

K-12 students should understand that Merced College classes are not an extension of secondary school classes and that there will be significant differences in educational experience. The items for your consideration, which are guidelines related to K-12 students, include:

1. K-12 students must be present or have given signed written permission to their parent/guardian in order to enroll in classes.

2. **K-12 students are required to pay:**

- Follett Textbook fee of \$25 per unit will be applied (Effective: Summer 2022). Opt out option is available.
- K-12 Students enrolled in >11 units are considered **FULL-TIME and are subject to all fees.** If the K-12 student is enrolling for 11 or fewer units, no tuition fees will be assessed.

(Exceptions to the fee requirements is enrollment in the K12 CCAP program.)

Student Initial: _____

3. K-12 students will be held to the same grading standards as adult students. Their grades will become a part of a permanent academic record at Merced College.

4. K-12 students taking AB288/CCAP classes acknowledge that grades earned from these classes will be shared with the student's High School district office.

5. K-12 students may be in an adult instructional environment. The community college is an adult learning environment and reflects a diverse community of learners. Discussion topics and course materials are generally designed for adult students and may not be appropriate for younger students. Course content will not be changed to accommodate minors.

6. K-12 students will not receive special counseling or support from the college's student services programs beyond what is provided for older students.

7. Merced College assumes no responsibility for the supervision of minor students (i.e., students under 18 years of age) outside the classroom setting. Parents are responsible for ensuring that their children are appropriately supervised before class begins, after class finishes, or when a class is canceled and/or dismissed early.

8. K-12 student educational records are considered confidential. Parents or guardians are not notified and may not obtain student academic or financial records without the signed written permission of the student as stated by the Family Educational Rights and Privacy Act (FERPA). Students **MUST** complete an Authorization to Release Student Information form to release records. Educational Records are defined as those records that contain information directly related to a student and which are maintained by an educational agency or institution or by a party acting for the agency or institution.

Student Initial: _____

9. All students seeking admission into physical education classes must be approved by the Vice President of Instruction. The Chancellor's Office recommends that districts limit the number of special admit pupils in each physical education class section to 10 percent of the maximum enrollment specified for that section of the course.

If you have any questions about the appropriateness of the student's enrollment at Merced College, you are encouraged to speak with their school counselor, and/or the college.
